The following footnote references apply only if the table above has a foot number reference.

1. Phase in value comes from the data base at the Maryland Department of Assessments and Taxation <http://www.dat.state.md.us/>, Real Property Data Search. The phase in value is for the next fiscal year, if available, otherwise the phase in value is for current fiscal year.
2. Tax rates come from the current property tax bill, which also may include several non-tax charges, at the web page of the County Government's Department of Finance: <http://www.montgomerycountymd.gov/finance>. Look for a link to "Pay or view your property tax bill on line".
3. County Property Tax is the sum of the General Fund tax and several special fund taxes.
4. All non-tax charges (for example Solid Waste, Water Quality Protection, Bay Restoration Fund, WSSC) are the charges in the current fiscal year. These charges may be different in the next fiscal year.
5. This property is located in an **existing** development district. Each year a special development district assessment must be paid. Effective every July 1st, the rate will change based on changes in the property assessment and debt service requirements. More information is available in the **FAQ** section of this website.
6. You must update the estimate for the property taxes and other non-tax charges
  - a. Every July 1, because the tax rates, phase-in values, and other non-tax charges will or may change; AND ALSO
  - b. In early January if the calculation used the phase-in value for the current fiscal year instead of the phase-in value for the next fiscal year, because SDAT had not yet specified the phase in value for the next fiscal year. This occurs in the period July 1 - early January in the third year of the three year assessment cycle.
7. This property is located in a **proposed** development district. At some date in the future, development district taxes may be levied to pay debt service on bonds issued to build infrastructure in the district. It is important that property owners recognize that this additional tax may be levied in the future. The rate indicated above is an estimate and will change once the district is created and bonds are issued. More information is available in the **FAQ** section of this website.

IN ADDITION, SELLER(S) ARE REQUIRED TO PROVIDE POTENTIAL BUYER'S WITH THE ESTIMATED PROPERTY TAX AND NON-TAX CHARGES FOR THE FIRST FULL FISCAL YEAR OF OWNERSHIP. Information relative to this estimate, including how it was calculated and its significance to Buyers can be obtained at [www.montgomerycountymd.gov/estimatedtax](http://www.montgomerycountymd.gov/estimatedtax). Buyer(s) hereby acknowledge receipt of 1) a copy of the current real property tax bill AND 2) the estimated property tax and non-tax charges in the Buyer's first full fiscal year of ownership, both as required by Montgomery County Code. ## Understanding Whom Real Estate Agents Represent

**At the Time of the First Scheduled Face to Face Contact with You, the Real Estate Licensee Who is Assisting You is Required by Law to Provide this Notice to You. This Notice is Not a Contract or Agreement and Creates No Obligation on Your Part.**

**Before you decide to sell or buy or rent a home you need to consider the following information**

*In this form "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease"*

### Agents Who Represent the Seller

**Seller's Agent:** A seller's agent works for the real estate company that lists and markets the property for the sellers and exclusively represents the sellers. That means that the Seller's agent may assist the buyer in purchasing the property, but his or her duty of loyalty is only to the sellers.

**Cooperating Agent:** A cooperating agent works for a real estate company different from the company for which the seller's agent works. The cooperating agent can assist a buyer in purchasing a property, but his or her duty of loyalty is only to the sellers.

**If you are viewing a property listed by the company with whom the agent accompanying you is affiliated, and you have not signed a "Consent for Dual Agency" form, that agent is representing the seller.**

### Agents Who Represent the Buyer

**Presumed Buyer's Agent (no written agreement):** When a person goes to a real estate agent for assistance in finding a home to purchase, the agent is presumed to be representing the buyer and can show the buyer properties that are *NOT* listed by the agent's real estate company. A presumed buyer's agent may *not* make or prepare an offer or negotiate a sale for the buyer. The buyer does *not* have an obligation to pay anything to the presumed agent.

If for any reason the buyer does not want the agent to represent him or her as a presumed agent, either *initially* or *at any time*, the buyer can decline or terminate a presumed agency relationship simply by saying so.

**Buyer's Agent (by written agreement):** A buyer may enter into a written contract with a real estate agent which provides that the agent will represent the buyer in locating a property to buy. The agent is then known as the buyer's agent. That agent assists the buyer in evaluating properties and preparing offers, and negotiates in the best interests of the buyer. The agent's fee is paid according to the written agreement between the agent and the buyer. If you as a buyer wish to have an agent represent you, you must enter into a written buyer agency agreement before a contract offer can be prepared.

### Dual Agents

The possibility of **dual agency** arises when the buyer's agent and the seller's agent both work for the same real estate company, and the buyer is interested in property listed by that company. The real estate broker or the broker's designee, is called the "dual agent." Dual agents do not act exclusively in the interests of either the seller or buyer, and therefore cannot give undivided loyalty to either party. There may be a conflict of interest because the interests of the seller and buyer may be different or adverse.

**If both seller and buyer agree to dual agency** by signing a Consent For Dual Agency form, then the "dual agent" (the broker or the broker's designee) will assign one agent to represent the seller (the seller's "intra-company agent") and another agent to represent the buyer (the buyer's "intra-company agent"). Intra-company agents may provide the same services to their clients as exclusive seller's or buyer's agents, including advising their clients as to price and negotiation strategy, provided the clients have both consented to be represented by dual agency.

If either party does not agree to dual agency, the real estate company must withdraw the agency agreement for that particular property with either the buyer or seller, or both. If the seller's agreement is terminated, the seller must then either represent him or herself or arrange to be represented by an agent from another real estate company. If the buyer's agreement is terminated, the buyer may choose to enter into a written buyer agency agreement with an agent from a different company. Alternatively, the buyer may choose not to be represented by an agent of his or her own but simply to receive assistance from the seller's agent, from another agent in that company, or from a cooperating agent from another company.

No matter what type of agent you choose to work with, you have the following rights and responsibilities in selling or buying property:

>Real estate agents are obligated by law to treat all parties to a real estate transaction honestly and fairly. They must exercise reasonable care and diligence and maintain the confidentiality of clients. They must not discriminate in the offering of properties; they must promptly present each written offer or counteroffer to the other party; and they must answer questions truthfully.

>Real estate agents must disclose all material facts that they know or should know relating to a property. An agent's duty to maintain confidentiality does not apply to the disclosure of material facts about a property.

>All agreements with real estate brokers and agents should be in writing and should explain the duties and obligations of both the broker and the agent. The agreement should explain how the broker and agent will be paid and any fee-sharing agreements with other brokers and agents.

>You have the responsibility to protect your own interests. You should carefully read all agreements to make sure they accurately reflect your understanding. A real estate agent is qualified to advise you on real estate matters only. If you need legal or tax advice, it is your responsibility to consult a licensed attorney or accountant.

Any complaints about a real estate agent may be filed with the Real Estate Commission at 500 North Calvert Street, Baltimore, MD 21202. (410) 230-6206.
